

- Sponsored by the American Cancer Society, MCR is presenting a series of **FREE** webinars developed by NAACCR for Missouri hospital registrars.
- Each webinar will address cancer data collection for a specific site and will include information on anatomy, multiple primary and histology coding rules, collaborative staging, and treatment data items.
- Exercises with answers and rationale will be presented.
- Participants are able to ask questions; answers will be provided during the session.

Registration is REQUIRED - Seating is limited, so please register early!
